

ardo melia & ardo hands-free

WHICH SIZE FITS BEST?

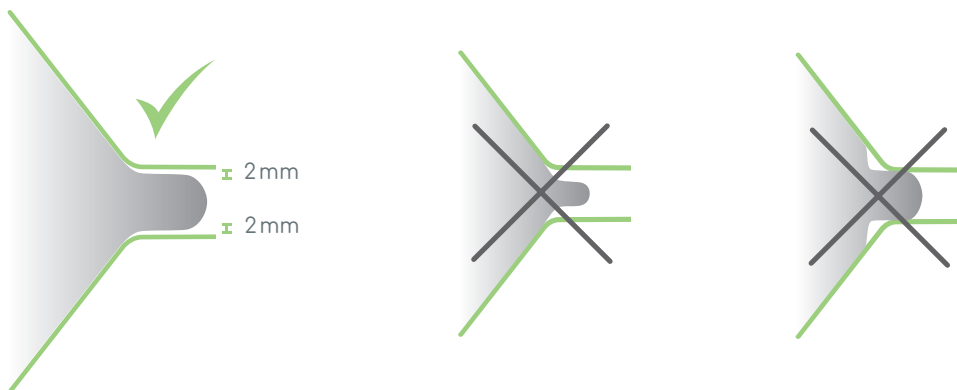

99.04.529 / V02/09/2024

For Ardo Melia & Ardo Hands-Free Double Pumpset

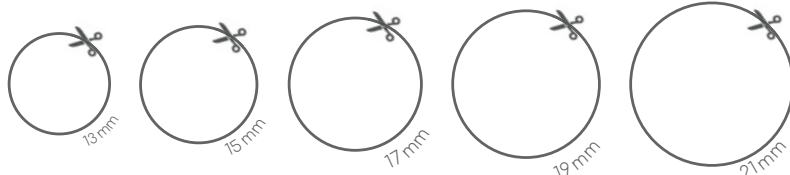

The breast shell / the breast shell insert size is correct if:

- there is approx. 2mm of space left around the nipples.
- the nipples can move freely in the funnel and follow the rhythmic movements of the pump.
- no part of the areola is in the funnel.
- the milk flows and the breasts feel uniformly soft after expression.

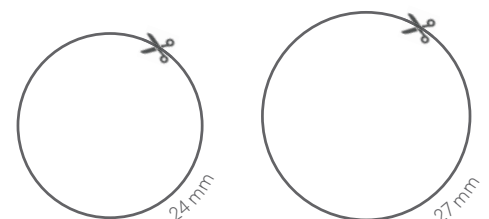

Breast shell inserts

Fit into the 24mm breast shell

Breast shells

Please measure both nipples.
